NEW PIANO FORTE WAREROOMS.

6, 6¼, 6½, 6⅞, 7, & 7¼ octave Piano Fortes can be bought at this Store, for Cash, at a less price than can be found in Hartford, Boston, or New York, or even the Factory prices, and no humbug. Just call and satisfy yourselves, and understand they are all WARRANTED.

Having enlarged this well known Music Store more than twice its former size, and bought from all the most favorite and celebrated makers, *TWENTY PIANO FORTES*, from Boston, Albany and New York, we can safely say that this is the largest, best, and cheapest Music Store in Connecticut.

MELODEONS!

Fifty new model Melodeons, made by the celebrated inventors and patentees Carhart & Needham, which are generally admitted by all the best musicians in this Country, to be the best in the world, for sale or to rent, in city or country; if bought, the rent deducted.

4, 4½, 5, 6, & 7 *Octave Melodeons.*—Last year we sold about $12,000 worth, and the sale of Prince & Co's is fairly stopped in Hartford; also, other makers. Carhart and Needham have just received a new patent for Melodeons, and no other person or persons will be allowed to use it but themselves. It is as much ahead of the common Melodeon as the Piano Forte is. Those who want Melodeons had better call and see them. JOHN FARRIS is sole agent for Connecticut.

ENTERED, according to Act of Congress in the year 1855, by
ELIHU GEER,
in the Office of the Clerk of the District Court of the United States for the District of Connecticut.

ADVERTISEMENT.

THIS is the Eighteenth annual issue of the HARTFORD CITY DIRECTORY. From a publication of 71 pages with a common paper cover, it has increased to a full bound book of nearly 350 pages. We have expended for this work, nearly $500 for original drawings and engravings of Church Edifices and Public Buildings. This year, we have made an important addition, viz.—a Business Directory—giving the names and places of all individuals engaged in business for themselves—classified under their respective vocations. The citizens of Hartford may rest assured that neither pains nor expense will be spared to make this Directory the most complete, perfect and handsome work of the kind that can be annually produced in this country. In our new *Business Directory* we show upwards of 130 kinds of business carried on in this city by more than 1000 different persons, firms, and corporations.

In this number we show the public what rapid advances our city has made within the last year, as well as within the last eighteen years. There has been noted by our canvassers this year, upwards of 1800 removals of house-keepers, boarders, &c. And upwards of 2000 new names have been added to our Directory. This year, in the list of Churches, Corporations, Societies, Schools, Banks, &c. &c. we have recorded more than 2000 changes from last year—last year there were 1800. The copy in which the corrections are made; also a regular file of our City Directory for the past seventeen

G

years, can be seen at No. 10 State street. In 1838 there were in the Directory 1462 names—this year there are upwards of 8000 names—and 1000 *more* than last year, and 6700 *more* than in 1838!

The Subscriber also procures Directories from all the other cities in the Union, where published, which are at the service of those who may desire to refer to the same. ELIHU GEER.

HARTFORD, CONN., May 24, 1855.

EXPLANATIONS.

THE business location of individuals engaged in business for themselves, is first mentioned in connection with their names, and then their place of residence. Especial pains has been taken to ascertain the name, residence, and occupation of every male person, twenty-one years of age and upwards.

When two different numbers are given in connection with one name, and only one street mentioned, the number first given is the place of business, and the second the residence, and both in the same street.

Several streets in the city have not been numbered. This will account for the omission of numbers in connection with certain names. And the city having nearly quadrupled since it was numbered eighteen years ago, there are innumerable instances where the inhabitants of two and more dwellings, claim the same number.

For boundaries of Wards see page 295 of this book.

The letter h. signifies house; res. residence; st. street; bds. boards; av. avenue; c. corner; op. opposite, &c.

CONNECTICUT RETREAT FOR THE INSANE.

The Connecticut Retreat for the Insane was opened for the reception of patients, April 1, 1824. Since that period, 2804 have been received, of which 1335 were male, and 1469 female. About half of these have been restored to health, while a large number have been discharged with various degrees of improvement. 193 patients were remaining in the Institution, April 1, 1855. The house can accommodate 200 patients. Valuable additions have lately been made to its conveniences, and two buildings have also been erected for Lodges. The Retreat must depend chiefly for its means of usefulness, on the liberality of individuals who can appreciate the high benevolent objects it aims to accomplish.

HEWS' PATENT AMERICAN ACTION PIANO.

GEORGE HEWS,

No. 379 Washington Street,

BOSTON.

From the illustrious Pianist, L. M. GOTTSCHALK, to Mr. Hews' Agent at New York.

MR. N. P. B. CURTISS,—Dear Sir: Having had the pleasure of performing upon Geo. Hews' American Patent Action Piano, at the World's Fair in this City the present year, and other of his Pianos at your Warerooms, which afforded me much gratification, I cheerfully recommend them to the public. I am very glad of the improvement in the action. These instruments likewise, are of excellent tone, owing no doubt to the perfection of the scales. Very Respectfully,

L. M. GOTTSCHALK.
